Analyzing Election Results

VOTING PATTERNS

★ Use your newspaper and online resources to gather the county-by-county results in North Carolina of this year's presidential election. Visit www.ncpress.com for links to North Carolina newspapers. Color the counties that voted for Republican John McCain in red. Color the counties that voted for Democrat Barack Obama in blue.

★ Describe any voting patterns. Did parts of the state vote for Obama? Did sections of the state vote for McCain? Read stories in newspapers and commentary on the election that explain the results of voting in North Carolina. Conduct interviews, asking people you know what they think affected voting in the state.
