

eCourts Initiatives

December 9, 2020
 Brad Fowler, Chief Business Officer,
 eCourts Executive Sponsor

1

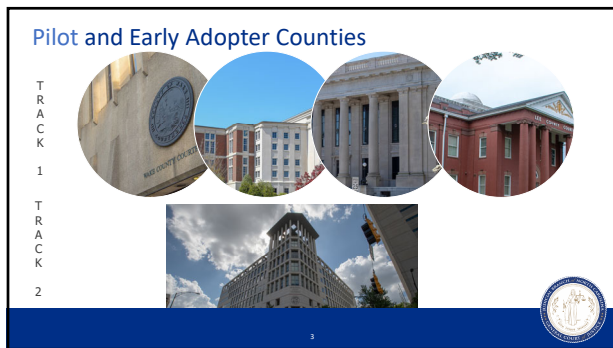

Highlights of Contract

- Include case management and e-filing for all case types
- Software hosting in the cloud; NCAOC mainframe will be retired
- Configuration and statewide rollout will take approximately five years
- Configuration of system to meet North Carolina's specific needs will take approximately 21 months
- Pilot counties will go-live in approximately 21-24 months
- There will be a total of twelve tracks/phases for statewide rollout
 - "Big bang" rollouts of all case types at the same time
- The term of the contract is for ten years

Appellate Impact

- Configuration focus so far has been on the trial courts
- Enterprise licensing agreement includes appellate functionality
- Odyssey has functionality to settle the record on appeal and electronically make it available to appellate courts:
 - Thorough logins with appellate roles
 - Through transmission to the appellate courts
- We will work with the appellate courts to determine appropriate configurations and workflow, especially during rollout tracks
