

## Team Spotlight Instructions

Team 1: Carl Stenberg's Team

Team 2: Kim Nelson's Team

Team 3: Jenny Neville's Team

Team 4: John Stephen's Team

Team 5: Rick Morse's Team

When your team is designated on the agenda to lead the team spotlight, team members should meet prior to that time to come up with their **three take-aways** from the prior PELA session and **one discussion question** related to that material.

Team members should share the responsibility for presenting the take-aways to the rest of the PELA class and facilitating a brief discussion to begin the day's activities. There will be 30 minutes dedicated to this activity.

(Teams may choose to stay online for a few minutes in the afternoon after the last session ends to discuss their spotlight material for the next day).
