DEFENDER MANUAL

Welcome to the UNC School of Government's Indigent Defense Manual Series!

<https://defendermanual.sog.unc.edu/>

The Carolina Indigent Defense Manual Series is a collection of reference and practical materials for public defenders and appointed counsel. The series are entirely free of charge and are intended to provide a comprehensive representation of counsel at state expense. The series was created to address the need for comprehensive reference materials for public defenders and appointed counsel, and to save time, skill, and effort to representing poor people. In addition to assisting indigent defendants, the manuals may be useful to others who work in the courts. This manual is a reference source on the law. In keeping with the School of Government's commitment to practical scholarship, the manuals are written by authors with subject-matter expertise in their respective fields, experience in developing effective educational materials, and knowledge of how things work in the courts. We recently expanded the series to add Indigent Defense Practice Guides, which are primers on specific areas of criminal procedure.
