# About this Report

As part of its participation in The National Citizen Survey™, the Town of Morrisville conducted a mailed survey of 1,200 residents. Surveys were mailed to randomly selected households in February of 2015 and data were collected through March 2014. After the official data collection period was over and the data were reported (see the report, *The National Citizen Survey: Community Livability Report, Morrisville, NC, 2015*), the Town made available a web-based survey to its residents through a link on the Town's website. Visitors to the site were able to complete the survey during March and April of 2015 and 20 surveys were received.

This report contains the results of this administration of the web-based survey and has not been weighted to current population estimates of Morrisville.

# Complete Survey Responses

The following pages contain a complete set of responses to each question on the survey, excluding the “don’t know” responses. The percent of respondents giving a particular response is shown followed by the number of respondents (denoted with “N=”).
