

* 1. Please provide your name and contact information for your respective Adopt-A-Highway organization. This information will be utilized to identify the street segments your organization manages as well as provide a mechanism to correspond with you or the organization on future initiatives.

Name:

Adopt-A-Highway Organization:

Address:

Address 2:

City/Town:

ZIP/Postal Code:

DOT Contract Number:

Email Address:

Phone Number:

2. How long has your organization been involved with the Adopt-A-Highway program?

- 1 year or less
- 1 to 2 years
- 2 to 4 years
- More than 4 years

3. How often do you clean your adopted road segment each year?

- Once a year
- Twice a year
- Three times a year
- Four times a year
- More than four times a year

4. How many manhours are spent on average per clean up? To calculate the number of manhours, multiply the number of personnel by the total number of hours per person. (Ex. 3 people x 2 hours per person = 6 total manhours)

- Less than 4 hours
- 4 to 8 hours
- 8 to 16 hours
- 16 to 24 hours
- More than 24 hours

5. Does your organization conduct the clean-up work itself, or is the work contracted out? (You may select more than one)

- The Organization does the cleanup
- The work is contracted out
- Other (please specify)

6. If the clean-up work is contracted out, what types of groups do the work? The contracted work can be paid or donated.

- A trash collection company
- A civic group such as the Boy Scouts
- A student group such as a high school club
- A temporary employment agency
- Other (please specify)

7. What time of the year accounts for the most litter found on your road segment? (You may select more than one)

- Spring
- Summer
- Fall
- Winter
- There is an equal amount of litter year-round

8. Do you separate recyclables from trash at a clean-up event?

- Yes
- No

9. What are the obstacles in place preventing you from recycling, or increasing your recycling efforts? (You may select more than one)

- It takes too much time
- Inability to haul materials to recycling drop-off site
- It is inconvenient
- There isn't enough volume to justify recycling
- Other (please specify)

10. What is the most common reason for canceling a scheduled clean-up session?

- Weather
- Lack of volunteer response
- Lack of supplies
- Inability to locate a contractor to do the work (volunteer or paid)
- We have not yet canceled an event
- Other (please specify)

11. Would you be willing to share your adopted road segment with two other organizations to achieve collection of litter once a month instead of the current requirement of 4 times a year?

- Yes
- No
- Undecided

12. Successful litter control consists of three elements, education, clean up, and enforcement; rate the importance of each element.

	Very Important	Important	Somewhat Important	Not Important
Education	jn	jn	jn	jn
Clean up	jn	jn	jn	jn
Enforcement	jn	jn	jn	jn

13. What could Wake County do to assist you with cleaning your Adopt-A-Highway road segments? (You may select more than one)

- Provide publicity of your efforts
- Provide beverages/snacks for volunteers
- Increase safety associated with clean-up
- Other (please specify)

14. What other litter management techniques could be employed by Wake County to support your efforts?

15. How effective do you feel the Adopt-A-Highway program is?

- Very effective
- Effective
- Somewhat effective
- Not effective

16. Does your organization intend to renew its contract with DOT for the Adopt-A-Highway program for an additional term?

- Yes
- No
- Undecided

Any comments you wish to make...

17. What changes might you suggest to the current Adopt-A-Highway program to make it better?
