

Reorganization Notice--Warranty and Products  
Liability Instructions

The Pattern Jury Instructions Committee last year completed significant revisions to the instructions involving warranties in the sales of goods and manufacturer's and seller's defenses. It also added series dealing with new motor vehicle warranties ("lemon law"), new dwelling warranties and vacation dwelling warranties. Because of their topical similarity, the Committee has decided to reorganize the General Civil Volume so that all products liability instructions (other than those based on negligence) are pulled together into Part III as follows:

Part III. Products Liability and Remedies.

- Chapter 1. Warranties in Sales of Goods.  
741.00 - 741.67
  
- Chapter 2. Defenses by Sellers and Manufacturers.  
743.05 - 743.10  
744.05 - 744.17
  
- Chapter 3. New Motor Vehicle Warranties ("Lemon Law")  
745.01 - 745.13
  
- Chapter 4. New Dwelling Warranties  
747.00 - 747.40

Replacement instructions conforming to the numbers set forth above are included in this June Supplement. You should delete the following instructions from your current book:
