

N.C.P.I.--Crim. 104.50A PHOTOGRAPHS, VIDEO, ETC.—AS SUBSTANTIVE EVIDENCE.
G.S. 8-97¹; 8C-1, Rule 1001, 1002.

A [photograph] [video] [motion picture] [x-ray] (other photographic representation) was introduced into evidence in this case. This [photograph] [video] [motion picture] [x-ray] (other photographic representation) may be considered by you as evidence of facts it illustrates or shows.

¹G.S. 8-97 does not include maps or models among the items authorized to be treated as substantive evidence. Where they are introduced into evidence, N.C.P.I.--Crim. 104.50 would still be appropriate.
