

June 2021 Supplement to North Carolina Pattern Jury Instructions for Criminal Cases

This supplement contains a new table of contents for the criminal instructions, a number of new or replacement instructions for criminal cases, and a new criminal index. Place the instructions in the book in the proper numerical sequence. Old instructions with the same number should be discarded. The supplement contains three copies of the table of contents so that each criminal volume will include a complete table of contents; they are inserted in the supplement at the appropriate places for Volumes II and III.

Interim Instructions. As the Pattern Jury Instructions Committee considers new or updated instructions, it posts Interim Instructions that are too important to wait until the annual summer distribution of hard copy supplements to the School of Government website at sog.unc.edu/programs/ncpji. You may check the site periodically for these instructions or join the Pattern Jury Interim Instructions Listserv to receive notification when instructions are posted to the website.
